— What is YES Centre?

As the city's focal point of entrepreneurship and entrepreneurial innovation, YES Centre is a hub of local economic development that brings together young people, researchers, creators, businesses and innovators to create and nurture ideas and transform them into products and services that can be sold and generate income.

— Mission:

YES' mission is to create a favorable and encouraging environment for innovation and productive connections that affects the success of entrepreneurs, companies and the economic and professional position of the surrounding community.

— YES Centre will provide the opportunity to different target groups to:

- 1 Organize**
various professional courses tailored around the area of economic development.
- 2 Create**
opportunities to advance new ideas through different skills and characteristics that local stakeholders possess.
- 3 Facilitate**
entrepreneurs and experienced companies to access the people and resources they need to bring innovation to the market.

The role of the "New Perspectives" project in the creation of the YES Centre, in cooperation with the Municipality:

Provides the services to facilitate the operation of the centre, as well as approves the regulation of its operation.

Creates a motivating work environment to attract talent and inspire young people, businesses and citizens to use the centre at its full potential.

Prioritizes diversity efforts to offer to all citizens a voice and a perspective, in a neutral environment that is oriented towards development, innovation and improvement of socio-economic conditions.

Facilitates the interaction between aspiring and young entrepreneurs, businesses, institutions and local organisations, in order to improve the economic and business climate.
